I married Judy Klassen, a Mennonite farm girl from Marion County. She has kept me tamed (for most of the time) and on-focus for the last 40 years. My two daughters have made me proud. I am a content man.

Town Memories

- Walking through town at age 14 with my hunting buddies, with guns of various types, on the way to Wildcat Creek to hunt, and nobody paying attention. Can't do that today.
- Painting "Class of 58" on the new water tower by Sunset Zoo.
- Long, hot afternoons in the swimming pool
- Teen Town: There was a couple that would show up and slow dance really dirty. They would get a lot of attention. I don't know who they were; I never saw them at MHS.

MHS Memories

The HS marching band drum major and twirling line had the best costumes in the KSU Band Day parade. I don't remember what the band sounded like but the girls sure knew how to strut.

Various girls singing groups performing during a school assembly—the boys enjoyed watching the singers take those deep breaths.

1950s Pop Culture

Favorite singers in HS: Buddy Holly

Favorite '50s singers now: I think they are all dead.
