Travel

After Med School, I was stationed in San Antonio, TX, Albuquerque, NM, San Francisco & Fairfield, CA, San Antonio again, & Norfolk, VA. I retired and we moved to Castine, ME. After 7 years, we moved to Kilmarnock, VA, then to Greenville, SC.

May 2007, we moved to Monument, CO to build what we hope will be our last house. Interesting places I spent time while in the military included Guantanamo Bay, the **Azores & Adak** in the **Aleutian Islands**. Since retirement, we spent winter of 1991-92 in the **Bahamas** on our sailboat—went diving and spear-fishing every day, had happy hour on the beach every evening. We spent some time in an apt on the **Amalfi Coast, Italy** in 2005. We have a small pop-up camper and like to take short trips about anywhere.
