

**Family & Pet Friends**

*Daughter:* Andrea  
*Son:* Eric

Our daughter lives in Springfield, VA with husband and two children. Our son Eric lives in the Denver suburb of Lone Tree with wife and three children. My 95-year-old mother lives in her own Denver apt.

*Pets like family:* Schultz, Jake, Max, and Isaac—all were dachshunds and thought they were people. Dearly loved and now all missed.

**Alicia L. (Cordova) LEWIS**

Spouse: Bernard (Bernie)  
4332 S. Quitman St.  
Denver, CO 80236-3514  
(303) 798-9890

**Career / Post High School Education**

*Career:* Nursing and Elementary School Teacher, Denver Public Schools

*Post HS Education:* K-State, 2 years; KU Med Center, 2 years, BS Nursing.

Colorado University, 2 ½ years, Elementary Curriculum, MA+

**Proudest Achievements**

- I'm very proud of my degrees from KU & CU.
- My family has done well also. We also highly value our many friends who have shared our good and difficult times.
- I would like to add that in both my professions—nursing and teaching—I have been able to experience the fulfillment of touching lives in a personal, positive way and enhance the future of patients and students.

**Town Memories**

I remember always being busy with school or my jobs. I was a banquet waitress at the Wareham Hotel for several years and also a grocery checker at the old R&G supermarket for several years. One year I added another job at the KMAN radio station. Those 3 jobs helped me earn money for my '53 Plymouth that took me to College. What memory of the '50s would be complete without cruising Poyntz after buying gas for a couple quarters? Going to drive-in restaurants, too—and drive-in theaters—with friends.

**Travel**

We vacation a lot in Gunnison, CO, with friends. Visits to see my brother Gil and his family in Portland, OR, are enjoyed, but not often enough. We truly enjoy the wonders of history in the DC area where our daughter lives. The Dakotas are also awe inspiring. The warm beaches of Hawaii and Puerto Rico are relaxing. Our Alaska trip in a rental motor home will hopefully be repeated. The views and all types of fishing were spectacular.

**Hobbies / Interests  
Sports / Volunteer**

*Sports:* As fans, we enjoy all sports in Denver! We volunteer in a high school basketball non-profit league.

*Hobbies & Interests:* Mystery, spy, & historical reading. Spin-cast and fly-fishing. Golf

*Volunteer:* We were active officers of our Homeowners Assoc. for many years.

**1950s Pop Culture**

*Favorite '50s song now:* "Chantilly Lace"

*Favorite singer in HS:* Big Bopper, Pat Boone, Elvis

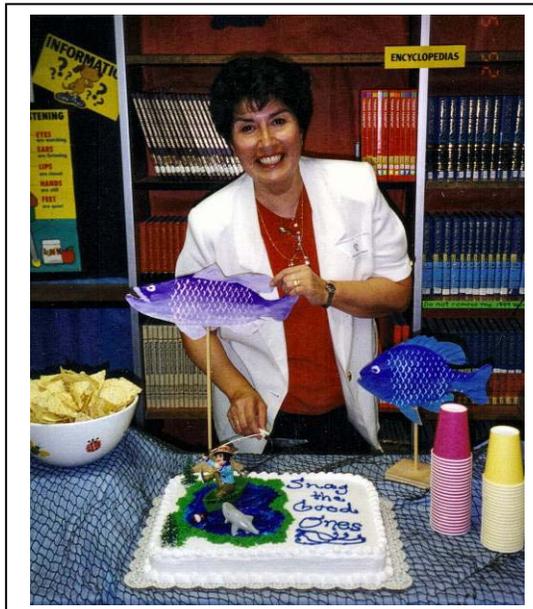

I have Time-Life's "Music from the '50s"

**MHS Memories**

Our teachers taught us to accept responsibility and produce good work. The journalism classes focused on deadlines, data and composition. All of these helped in college and future challenges. Learning all of these skills with friends is a very fond memory. We were also fortunate to grow up in a college town and share in the many activities—sports and educational. I couldn't have asked for a better time and place to spend my teen years.

**Alicia (Cordova) LEWIS**

**Memories** (*continued*)

Pictured: Alicia's retires from Denver Public Schools. The cake challenges her to "Catch the Big One" as she heads out to the trout stream.
