

Family

Sons: Tim & Steve

Daughter: Michele

Grandchildren: 6 + 2 of Albie's

My dad is 93 years old and is still living in Manhattan at Meadowlark. My mom passed away in 1994.

My wife *Albie* retired from teaching 2 years ago. One of her daughters and husband lives in Tallahassee and are professors at FSU. Her other daughter lives in Dallas and works for the Governor's Commission on affordable housing.

Tim graduated from Georgia Tech in software engineering, is married with a 1-1/2-year-old daughter, lives here in Atlanta, and owns a software job placement company.

Steve graduated from Northeastern Univ., has an MBA from Dartmouth, and is married with 3 daughters (oldest is 5 years old). He lives in NJ and works on Wall Street for a hedge fund.

Michele graduated from Georgetown and has a law degree from Stanford. She and her husband work for the Attorney General's Office in Oregon in the Environmental Affairs Div. They had identical twin boys in Apr. '07 (their first).

Michel (Mike) McNEIL

Spouse: Alberta (Albie)

575 Wayt Road
Roswell, GA 30076

(770) 649-7805

Cell: (404) 316-2323

Hobbies / Interests / Sports / Volunteer

Sports: Hiking, jogging, snow skiing; 21 consecutive times of running the largest 10K foot race in Atlanta (the Peachtree on July 4th)

Hobbies & Interests: Photography (of course), woodworking, fishing, Jazzercise 3-4x/wk, & gardening. General handyman work on the several properties I own.

Church/Volunteer: Presbyterian Church, Kiwanis, Children's Miracle Network, Habitat for Humanity. Singing in the Church Choir (just kidding for sure!!)

Proudest Achievements

- Having 3 fantastic children with wonderful spouses and grandchildren
- Several awards in the real estate field

Mike has his hands full of granddaughters, children of son Steve.

Career / Post High School Education / Military Service

Career: Real Estate Associate Broker, RE/MAX Greater Atlanta – Yep, still working full time. Website: www.mikesellsatlanta.com. I sold real estate in Manhattan with my father from 1974 to 1980 and then moved to Atlanta where I have been selling real estate since.

Post HS Education: Kansas State Univ.; Business; Washburn Univ., JD

Military Service: Army Signal Corps, 1965-'1967. ROTC Commission from KSU; achieved rank of Captain. While in the service, I was lucky enough to spend my two years in a great assignment in Washington, DC.

Continued on p. 68

- MHS Memories**
- Senior picnic at Lake Elbo, bunches of us (boys & girls) sleeping over at Monty’s house—his mom making cinnamon rolls in the morning.
 - Going to Scheu’s Café for a PT sandwich; to Dunn’s for a cherry phosphate; out to Skyline Drive-in movies on Stag Hill and then to the drive-in eating place up the hill (forgot the name...was it Charco’s?).
 - Teen Town downtown and hayrack rides...hey, I was once the T.T. King!!
 - Guarding our new Indian mascot.
 - Getting my first car a '56 Chevy
 - One football practice, Ed Dissinger told me to tackle and be a little more forceful. The next play Edgar Starnes ran the ball; I tackled him and broke open my shoulder pads!
 - Great memories of chemistry class, math classes with John Buller, and always enjoyed the pep cheers led by “Herb”
 - Ed Dissinger was always telling us, “You need to pull yourself up by your own bootstraps in order to win”. I still apply that philosophy to my own life.
 - Always had a great time with Terry Barr....sorry he is no longer with us.

Mike McNEIL

Memories (continued)

Travel

Several visits to **Europe**. Love travels to **Italy** and **Ireland**

1950s Pop Culture

Favorite songs in HS: “At the Hop,” “Hound Dog,” “Mack the Knife,” “Sixteen Tons,” “Rock Around the Clock,” “Bye Bye Love”

Favorite singers in HS: Danny and the Juniors, Elvis

Favorite '50s singers now: Most all of them. I have satellite radio in my car and listen to the '50s station often.

Favorite movies in HS: *Rebel without a Cause, Bridge on the River Kwai, and The Ten Commandments*

(L-r): Mike, daughter Michele’s identical twin boys & husband & Mike’s wife Alhie

Town Memories

I worked every summer either on my dad’s farms or at KSU. I learned how to repair almost anything. One hot day at a summer job at the KSU Dairy Barn, we stopped for lunch and had fresh milk from the cows. Several KSU Ag students filled us in on what was in unpasteurized milk. Needless to say, we didn’t keep our lunch or ever drink the stuff again. Several times we headed to the City Park after 9 p.m. to take a dip in the pool (shhh). Sledding on Bluemont Hill.
