MHS Memories

I liked the fact that we were the first graduating class of the new building.

Proudest Achievements

I've always enjoyed my career very much: worked with farmers and ranchers throughout KS. One of my favorite things was to lead the County Presidents group to Washington, DC. I always worked closely with the KS and National Congressional offices. I'm probably most proud of my circle of friends— maintained close friends with all of the KFB Presidents.

After retirement, I changed my focus to work part-time at Coldwell Banker Realty Group One, Manhattan. I got my Realtors license about a year ago. I'm enjoying that also!

Travel

Jan. '04—invited to join the KFB Brd of Directors to HI—honoring my retirement. Great—broke my leg the first day—spent most of the time in my room with leg elevated. Nonetheless, it was a great trip. June '06—Washington, DC with my daughter & granddaughter in honor of her high school graduation—I enjoyed that. For about 10 years, I took a group of KFB county presidents to DC each year; it was nice to go back as a "traveler."

Town Memories

I have to “think” to remember what happened yesterday— so I would have to think way too much to remember—or maybe it just wasn't too eventful!
