Proudest Achievements

Having a display at KSU on show at the International Grain Science Building was a big moment in my railroading time. Matt Rose, Chairman and CEO of BNSF and Jon Wefald, President of KSU unveiled it on April 27, 2005, and now I'm playing with trains and whatever.

Travel

Smokey Mtns, South Dakota, hunting pheasant

- Town Memories**
- Getting started in food service at Scheu's Café. All of you remember Scheu's Café in some way or other.
 - From there, I went on to be Mess Sgt. In the National Guard.
 - Managing restaurants, Executive Chef at the Holiday Inn, and cooking at Mercy Hospital to end up with.

Part of the train room display.

1950s Pop Culture

Favorite songs in HS: "Catch a Falling Star," "The Great Pretender," "Wake Up, Little Susie," "Young Love," "Four Walls"
Favorite singers in HS: Teresa Brewer, Eddy Arnold, Hank Williams, Patti Page, Marty Robbins, Johnny Cash—still like them all!

- MHS Memories**
- Walking a wooden plank to get the little envelope to meet the world
 - Gold Diggers prom
 - The first time of being part of a winning team. Thanks, Marilyn.
- Later in Time*
- I was asked to give lectures on restaurant management at the Home Ec. Classes. Between classes, I walked the halls of MHS. It was all different. They had police officers patrolling the hallways. Our school didn't need that; we were lucky in that time. Times have changed.
